

**NOTICE: CHS Power Outage**

January 6, 2020

Dear Business Partner,

Our Charleston facility is currently experiencing a power outage. Techs are on-site working to restore power but there is no estimated time frame of when power will be restored.

Any emails sent to [CHSFreightCashier@stgusa.com](mailto:CHSFreightCashier@stgusa.com) as well as any calls into Charleston are being forwarded to our Atlanta facility.

We will provide an update once power has been completely restored.
