

Shipping Hazmat with STG Logistics

General Requirements for all consignments containing Hazardous Materials / Dangerous Goods
Applies to all facilities owned and/or operated by STG Logistics

All hazardous materials must be presented properly packaged, marked, and labeled in accordance with the regulations governing the specific mode of transportation for all, or part of, the shipment's journey.

1. SAFETY DATA SHEET (SDS) REQUIREMENTS

1. All hazardous materials entering an STG Logistics facility are required to be accompanied with an SDS that is current, legible, and written in English.
2. The SDS must be presented to an STG Logistics employee before the product may enter the building.
 - a. If a product or article is declared on a hazard declaration, the SDS must be received by STG Logistics for review before the product can be received on site.
3. SDS Format
 - a) Information in the SDS should be presented using the following 16 headings in the order given below, per Globally Harmonized System standard:

1) Identification	9) Physical and chemical properties
2) Hazard(s) identification	10) Stability and reactivity
3) Composition	11) Toxicological information
4) First-aid measures	12) Ecological information
5) Fire-fighting measures	13) Disposal considerations
6) Accidental release	14) Transport information
7) Handling and Storage	15) Regulatory information
8) Personal protection	16) Other information

2. ACCEPTED LIST OF HAZARDOUS MATERIALS

1. STG Logistics only handles specific hazardous materials. These decisions are driven by employee safety, customer needs, carrier ability, building and fire codes, and local property owners.
2. Any materials arriving at an STG facility which are not approved will be subject to additional handling charges, refused delivery, or other corrective action.
3. The list can be found attached as Appendix A and is subject to change. Notice will be given.
4. STG Logistics will not receive damaged or leaking hazardous materials
5. STG Logistics does not accept garbage, forbidden material, or hazardous waste
6. STG Logistics does not handle any product labeled as an Inhalation Hazard

Accepted List of Hazardous Materials

<u>Class/Division</u>	<u>Name</u>	<u>Packing Group</u>	<u>Accepted</u>
1.1	Explosives (with a mass explosion hazard)	II	No
1.2	Explosives (with a projection hazard)	II	No ¹
1.3	Explosives (with predominately a fire hazard)	II	No
1.4	Explosives (with no significant blast hazard)	II	No ¹
1.5	Very insensitive explosives; blasting agents	II	No
1.6	Extremely insensitive detonating substances	II	No
2.1	Flammable Gas	N/A	Yes
2.2	Non-Flammable Compressed Gas	N/A	Yes
2.3	Poisonous Gas	N/A	No
3	Flammable & Combustible Liquids	I	No
		II, III	Yes
4.1	Flammable Solids	I	No
		II, III	Yes
4.2	Spontaneously Combustible Material	I, II, III	No
4.3	Dangerous When Wet Material	I, II, III	Yes ²
5.1	Oxidizer	I	No
		II, III	Yes
5.2	Organic Peroxide	Type A-D PG II	Yes
	Organic Peroxide	Type E-G PG II	Yes
6.1	Poisonous	I	No
		II, III	Yes ³
6.2	Infectious Substance	N/A	No
7	Radioactive	N/A	No
8	Corrosives	I	No
		II, III	Yes
9	Misc Hazardous Material	I, II, III	Yes
ORM-D Limited Quantity	Consumer Commodity	N/A	Yes

¹ Division 1.2 & 1.4 - Exceptions can be considered based on sufficient pre-notification and approval

² Division 4.3 - Hazmat product cannot move through STG Logistics' IPI Network

³ Division 6.1 - Approval for transportation is not guaranteed

All Hazardous Shipping Docs and SDS sheets must be provided in advance of receipt

No product will be accepted if product is labeled as an Inhalation Hazard

Garbage, forbidden material, hazardous waste will not be accepted

Rates may vary
