

NOTICE: Train Derailment near Marmon, NM/IPI Service Impact

BNSF reported a derailment on June 14 on the Gallup Sub near Marmon, NM. A manifest train derailed a locomotive and 18 cars which affected both main tracks. The first track opened yesterday, June 16.

Affected train ETAs will be adjusted as BNSF updates their trip plans to account for any delays. Train bunching and deramp delays will likely occur for the next 72 hours at the major destination hubs, particularly in SoCal and Chicago.

If you have any questions, please contact your STG representative.
