

NOTICE: New Facility - ATL Exports Move

Dear Business Partner,

STG Logistics is pleased to announce that we are adding a new building to our greater Atlanta network. The new 71,000 sq. ft. located in Fairburn, GA will house all export CFS activity. **We kindly ask that you make the necessary arrangements to have your export shipments dropped off at our new Fairburn, GA location effective Monday, October 11, 2021.** See new address below:

7405 Graham Rd
Fairburn, GA 30213

Our current facility at 3000 S. Corporate Parkway, Suite100 in Forest Park, GA will be used for import business only after this transition. This will greatly help to alleviate the congestion that has been ongoing in Atlanta for the past couple of months. The continued congestion throughout the U.S. has caused us to make these type of moves that will help better service our customers. Finding capacity anywhere is not easy and doing it timely is equally as difficult. STG Logistics continues to do its best to stay ahead of the ongoing surge of business throughout the U.S. which does come with many challenges, delays and additional costs.

We appreciate your support with this new facility and look forward to continuing our partnership. Please feel free to contact us with any questions or concerns and we will address them as soon as possible.
