

## **NOTICE: STG Bensenville Opens On Saturdays - Updates**

Dear Business Partner,

Our STG Bensenville facility started on October 9th, opening on Saturdays for import pick ups to alleviate the congestion during the week. We have been assisting drivers from 7:00 AM to 12:00 PM (noon), with last driver allowed through the gate at 11:30 AM. We had a successful first day and encourage everyone to take advantage of the program of the Saturday pick up availability.

For more information, please contact your local STG Logistics sales representative or account manager.
