

Shipping Hazmat with STG Logistics

General Requirements for all consignments containing Hazardous Materials / Dangerous Goods
Applies to all facilities owned and/or operated by STG Logistics

All hazardous materials must be presented properly packaged, marked, and labeled in accordance with the regulations governing the specific mode of transportation for all, or part of, the shipment's journey.

1. SAFETY DATA SHEET (SDS) REQUIREMENTS

- 1. All hazardous materials entering an STG Logistics facility are required to be accompanied with an SDS that is current, legible, and written in English.
- 2. The SDS must be presented to an STG Logistics employee before the product may enter the building.
 - a. If a product or article is declared on a hazard declaration, the SDS must be received by STG Logistics for review before the product can be received on site.
- 3. SDS Format
 - Information in the SDS should be presented using the following 16 headings in the order given below, per Globally Harmonized System standard:

1) Identification

2) Hazard(s) identification

3) Composition

4) First-aid measures

5) Fire-fighting measures

6) Accidental release

7) Handling and Storage

8) Personal protection

9) Physical and chemical properties

10) Stability and reactivity

11) Toxicological information

12) Ecological information

13) Disposal considerations

14) Transport information15) Regulatory information

16) Other information

2. ACCEPTED LIST OF HAZARDOUS MATERIALS

- 1. STG Logistics only handles specific hazardous materials. These decisions are driven by employee safety, customer needs, carrier ability, building and fire codes, and local property owners.
- Any materials arriving at an STG facility which are not approved will be subject to additional handling charges, refused delivery, or other corrective action.
- 3. The list can be found attached as Appendix A and is subject to change. Notice will be given.
- 4. STG Logistics will not receive damaged or leaking hazardous materials
- 5. STG Logistics does not accept garbage, forbidden material, or hazardous waste
- 6. STG Logistics does not handle any product labeled as an Inhalation Hazard

Accepted List of Hazardous Materials

Class/Division	<u>Name</u>	Packing Group	Accepte
1.1	Explosives (with a mass explosion hazard)	II	No
1.2	Explosives (with a projection hazard)	II	No ¹
1.3	Explosives (with predominately a fire hazard)	II	No
1.4	Explosives (with no significant blast hazard)	II	No ¹
1.5	Very insensitive explosives; blasting agents	II	No
1.6	Extremely insensitive detonating substances	II	No
2.1	Flammable Gas	N/A	Yes
2.2	Non-Flammable Compressed Gas	N/A	Yes
2.3	Poisonous Gas	N/A	No
3	Flammable & Combustible Liquids	I	No
		II, III	Yes
4.1	Flammable Solids	1	No
	Flammable Solids	II, III	Yes
4.2	Spontaneously Combustible Material	1, 11, 111	No
4.3	Dangerous When Wet Material	1, 11, 111	Yes ²
5.1	Oxidizer	1	No
	Oxidizer	II, III	Yes
5.2	Organic Peroxide	Type A-D PG II	Yes
	Organic Peroxide	Type E-G PG II	Yes
6.1	Poisonous	I	No
		II, III	Yes ³
6.2	Infectious Substance	N/A	No
7	Radioactive	N/A	No
8	Corrosives	I	No
	Corrosives	II, III	Yes
9	Misc Hazardous Material	1, 11, 111	Yes
ORM-D	Consumer Commodity	N/A	Yes

 $^{^1}$ Division 1.2 & 1.4 - Exceptions can be considered based on sufficient pre-notification and approval 2 Division 4.3 - Hazmat product cannot move through STG Logistics' IPI Network

All Hazardous Shipping Docs and SDS sheets must be provided in advance of receipt
No product will be accepted if product is labeled as an Inhalation Hazard
Garbage, forbidden material, hazardous waste will not be accepted
Rates may vary

EHS-100-3 Rev. B *Revised 2/21/2020*

n 4.3 - Hazmat product cannot move through \$1G Logistics 1P1 Networ

³ Division 6.1 - Approval for transportation is not guaranteed
